

THREE DAUGHTERS CORPORATION CAPABILITY STATEMENT

UEI: SECPR1NJ9M26 **CAGE:** 1SLR2 **DUNS:** 16 751 0833 **UNSPC:** 73181000, 73181001
NAICS CODES: 332721 Precision Turned Production Mfg • 332710 Machine Shops

ABOUT US

Three Daughters Corporation (d/b/a Rathburn Precision Machining) offers contract production of CNC precision-machined metal components to customer specifications. Our focus is high-quality components in quantities of 100–200,000+ EAU. We offer secondary processing, including assembly and packaging, and can manage outside specialty machining, heat treatment, and coating processes. We also offer wire EDM and laser etching services.

CORE COMPETENCIES

- CNC turning, milling and wire EDM
- Steel, aluminum, stainless, brass, cast iron, superalloys
- Consistently hold tolerances +/- 0.001"
- Flexible batch and medium-to-high volume production (100 – 200,000+ annual component quantities)
- Swiss machining of small parts up to 38mm dia.
- Chucker lathes for parts up to 10" dia.
- Automated CNC processing: bar fed, gantry, robot/cobot, multi-spindle lathes
- Multiple turn/mill options for maximum efficiency and scheduling flexibility

DIFFERENTIATORS

- ISO 9001:2015 quality certified
- IATF 16949:2016 quality certified
- AS 9100D quality compliant
- ITAR registered
- Founded in 1983 by a Vietnam veteran
- 40 years of quality and integrity
- Decades of experience in the demanding automotive / heavy truck industry
- In-house automation for medium to high-volume production
- WBE/WOSB certified
